Helping build neighborhoods
one house at a time

WHAT IS SELF-HELP?

Self-Help Housing is a program for moderate-low income families achieve their homeownership dream. Participating families work together to build their own homes, with guidance from UBAOG's Construction Supervisor's the whole way.

CAN I DO IT?

"I am a single mom, I have rented an apartment for the last 10 years. I recently went through the Self-Help Housing program and I am so glad I did! We now have a place to call our own. I would have never been able to be a homeowner any other way, let alone a brand new home!"

WHAT'S INVOLVED??

To participate in UBAOG's Mutual Self-Help program, you must be willing to dedicate your spare time during the build. This typically takes around 7-9 months. Each family is required to contribute a minimum of 30 hours per week. This will be take place Tuesday-Friday evenings and all day Saturday. Designated days off are Sunday and Monday.

Hours can be contributed by family and/or friends that are willing to work on the participating family's behalf.

NO PRIOR CONSTRUCTION KNOWLEDGE IS REQUIRED

HOW MUCH WILL IT COST?

There is no fee to participate in the program. The only up-front cost that is required is Builder's Risk to insure your home and materials while under construction. You will also need to purchase a few common construction tools that will be needed.

WHERE CAN WE BUILD?

In order for this program to run effectively, the building lots must be located close to one another. To provide an effective program, UBAOG will have lots available in a suitable location. As each group is formed, the lots will be chosen on a first qualified basis.

Building lots vary by location based upon availability.
