

Passenger Frequency Chart

Attachment (B)

RED ROUTE

Vernal City Loop

2017 UBAOG Fiscal Year (FY)

July 01, 2016 - June 30, 2017

2018 UBAOG Fiscal Year (FY)

July 01, 2017 - June 30, 2018

◇ This chart **Attachment (B)** serves as a reference for the frequency of usage throughout the day. It represents how active the buses are during various points. It utilizes the data from **Attachment (A)** as a baseline.

◇ Based on the 2017 (FY) numbers, we have calculated the average ridership per "Red Route loop."

- (20996) Passenger pick-ups for the UBAOG 2017 (FY).
- 20996 divided by 52 (Weeks per year) = 403.77 passengers per week
- 403.77 divided by 5 (Days per week) = 80.75 passengers per day
- 80.75 divided by 12 (Loops per day) = **6.73 passengers per loop**
 - (As you cannot have six and three-quarters of a person (**6.73**), we have rounded down to six (**6**) people per trip to highlight the point. Six (**6**) passengers per loop at five (**5**) days per week provides an average of thirty (**30**) passengers on a given loop for a business week.)

◇ **Attachment (B)** - In the following pages, we have highlighted all of the loops that exceed 30+ passengers per week to highlight any loops that exceed the average.

◇ Looking at the highlighted data, we can see which trips have the highest passenger usage. The data provides us with some useful insights:

- Since the beginning of the school year (last week of August), the first loop (6:40 AM - 7:25AM) has seen extensive usage increases.
- Since the beginning of the school year (last week of August), the BTA has provided a 2nd bus transport during the 9th loop (2:55 PM - 3:40 PM) to accommodate passenger needs at **Terra Academy**. During this hour, the buses are commonly left with standing room only.
- December 2017 - Due to there being ten (**10**) weekend days and two (**2**) holidays in the month, the BTA was active for only nineteen (**19**) days. During this time, there were 1839 passenger pick-ups. This averages out to **96.79** passengers per day.
